REVIVAL DRAWING BIG CONGREGATIONS

Great Interest Being Manifested in the Preaching of Rev. Norman W. Cox. Minister Seems to have Prepared His Sermons to Reach Tap Roots of Disturbing Things.

The Rev. Norman W. Cox, who began last week a revival meeting at the First Baptist church, has been having large congregations and the interest has increased from day to day. The minister has been endeavoring to make his discourses suited to the particular needs of the hour. His sermons bear the earmarks of having been thought out because of much of the worldliness attributed to the present age. He seems to have taken a survey of the country at large and to be endeavoring to get at the very root of the many disturbing and distressing things of the country.

Not only are Mr. Cox's subjects well chosen but his sermons are fittingly spoken. He knows how to get the attention of his congregation. He knows how to keep the attention of his congregation. He seems to know that the world is just as ready to listen to properly and wisely delivered messages from the sacred desk as ever before. The minister evidently understands that the world is thirsting for something that reaches out and beyond this life and that it is ready to give attentive ear to those who talk to them in terms of truth, soberness and earnestness.

As has been so often stated, there is just something unexplainabout why men and women attend church and why they listen to gospel messages—it is unexplainable unless thought of in connection with man's creation, the goodness of God and the knowledge deep down in every soul that makes men and women understand that when their bark puts out over the unknown sea, they need a pilot, and that the only sure way to get the only pilot that can direct their bark to heaven's shores is by a recognition of their duty to God that they need to come to the Savior as a little child, trusting him implicitly.

There is something beautiful about church services. There is something beautiful in watching a congregation as it sits under the preacher's voice. One can but speculate many times as to what is running through the minds of different ones. People attend religious services because they realize the need of something that they cannot find except through and by religion, that religion which Jesus came to show the world and which is anchored in his life, crucifixion and resurrection.

Mr. Cox has a fine personality. He knows the arts of meeting men and women and getting a grip on them because of what he is and because of what he is seeking to do.

The last sermon of the meeting was delivered Thursday night to one of the largest congregations of the whole meeting.

REVELL FURNITURE CO.'S AUCTION SALE

The Revell Furniture Co., is carrying a full page ad in this issue of The Sentinel in which it announces an auction sale of furniture, rugs, etc. Mr. Revell states that his firm is determined to always have a clean, fresh up to to date stock, hence when there are any goods that do not move rapidly, he determines to place them on the auction block and let the public buy at its own price. And that when the auction is on, everything else in the store goes along the same route. If a bystander sees any suite of furniture, a rug or any other article in the store that has not been offered, why all that is necessary is to notify the auctioneer, Mr. Revell, or some one else, and that particular suite of furniture or any other article will go.

The Revell Furniture Co. states that these auction sales show that it is more than willing to meet the trade half way. In ordinary, every day sales, the store names the price; in auction sales the purchaser names the price.

It is well known that the Revell Furniture Co. has purchased the building just north of its present location and that it is the firm's purpose to use both buildings. They are well stocked now, but to make the necessary changes and repairs, the firm announces that the stock must be cut down, hence another reason for the auction sale.

NORTH MISSISSIPPI PRESBYTERY

The North Mississippi Presbytery was in session at the Presbyterian church in Grenada Tuesday and Wednesday of this week. The session brought together the leaders of the Presbyterian church from this part of the state. The session is said to have been a most profitable one.

MRS. T. A. BILLUPS PASSES AWAY

Mrs. T. A. Billups passed away at her home in Grenada Wednesday morning, April 17, after a lingering illness of several years. The funeral services were conducted from the family residence that afternoon by Revs. J. H. Holder and W. E. Farr, after which her remains were carried to the Spring Hill church burying ground and laid to rest.

Mrs. Billups was born and reared in Carroll county, not a great way from Spring Hill church where her parents worshipped for many years. She was a daughter of Mr. and Mrs. Charlie Morman, one of the most substantial families of Carroll county. She was trained in a Christian home. From her earliest years she never knew anything but to think of her church and to understand that she must worship a loving Father to whom she would go when life's journey was ended. She made a good wife. She was a loving and a thoughtful mother, and a most considerate neighbor and friend. For many years after her marriage to her husband who survives her, she made her home where she was born and reared and was known for her kindly deeds and for that ministry which comes only of a life dedicated to God. She has understood for a long while that she could never be well again, but showed that spirit of resignation and submission that can be exhibited only by those who have been born again. She was a member of the Methodist church.

Besides her husband, she is survived by two daughters and one son, and numerous other relatives to whom The Sentinel tenders sincere sympathy.

P. T. A. MEETING

The regular monthly meeting of the Parent Teachers Association was held Wednesday afternoon in the high school auditorium. Mrs. John Keeton read a splendid paper on "Citizenship" and discussed the importance of all women keeping in touch with local as well as general phases of citizenship and being instructed in importance of using their privilege to vote.

The main part of the program was the report of Mrs. Sam Simmons, on the state P. T. A. meeting at Vicksburg, which she attended as delegate from the Grenada association. She said the main theme of the whole program was the discussion of the four ages of children, the infant, the preschool age the grade, and adolescent, stressing the importance of taking care of the physical as well as the moral well being of the child.

Many inspirational speakers were heard and much of the good derived from attending the meeting was passed on to the local members by Mrs. Simmons in her speech.

JOIN HANDS WITH CIVIC LEAGUE

And Keep Grenada at the Head of the List.

The Civic League of Grenada has set the week of April 22-27, as "Clean Up Week".

The Civic League has been a most potent factor in placing Grenada where visitors almost always say it "is the prettiest and best kept town in the state". Not long since a distinguished citizen of the country was a visitor to Grenada and his voluntary statement to a representative of this paper was, "you have a beautiful, well cared for town". The Civic League wants Grenada to continue as a pretty, well cared for town. The citizenship of the town wants the same thing. But wanting a thing and getting it are quite different matters. To keep Grenada at the head of the list requires effort upon the part of each and every family and home owner.

Aside from being the "most beautiful town in the state" Grenada has enjoyed for the past years the distinction of being one of the very healthiest towns. That is most important of all. Health officials and health specialists have long ago reached the conclusion that one of the greatest assets in realizing healthful conditions is cleanliness. There is a certain amount of waste matter that accumulates around the best cared for premises that needs to be removed as a sure fortification against sickness and diseae. Health is wealth. Therefore it is that the good women sponsoring the Civic League have set the week beginning Monday, next, April 22, as "Clean Up Week". Encourage these ladies by giving them your earnest attention and energetic cooperation. And this applies to everybody, white and black.

Mayor W. S. P. Doty and County and City Health officer, Dr. T. J. Brown, may be counted on to give every official aid and cooperation. The Mayor will no doubt make a statement to the public over his signature by circular or otherwise enjoining the citizenship to make their premises almost spotless.

The officers of the Civic League are: Mrs. C. C. Penn, president; Mrs. H. J. Ray, secretary and Mrs. R. W. Sharp, chairman of committee having specially in charge the work required and expected to be done "Clean Up Week", so if any one should want to confer with the Civic League, they can do so by calling over the phone any of the officers named.

TWENTIETH CENTURY CLUB MEETS

Mrs. John Keeton was hostess to the Twentieth Century Club Tuesday afternoon, with eleven members present.

A most interesting program with a general discussion on "Women's Clubs" by Dr. A. Berle, was enjoyed, the following ladies giving special points on it: Mrs. E. B. Provine, Mrs. John Keeton, Mrs. John Rundle and Mrs. R. L. Vandiver.

A report on the sale of Chautauqua tickets was made and also one from the committee on the library movement.

Delightful tea and sandwiches were served by the hostess, assisted by Mrs. Alney McLean and Mrs. Rundle.

McDANIEL-TALLEY

Mr. and Mrs. W. M. Talley, of Winona, announce the marriage of their daughter, Margaret, to Mr. Romaine Edward McDaniel, of Grenada, which took place Wednesday evening at 8 o'clock in the Episcopal Church of Greenwood. The Rev. Dr. Rose, rector of the church performed the ceremony.

The only attendants were Miss Dorothy Witty, of Winona, cousin of the bride and Mr. Eli Whitaker, of Grenada.

The bride was educated at Martha Washington College, Abirgdon, Va., and the Cincinnati Conservative of Music.

Mr. McDaniel is the son of Mrs. R. E. McDaniel, of Memphis, and is a graduate of Gulf Coast Military Academy and attended Tulane University.

Only the immediate families of the young couple were present at the ceremony, after which they left for Grenada where they are living at the home of Mrs. Fannie Morrison on College Boulevard.

Mr. McDaniel is special representative of the Standard Oil Co.

Grenada welcomes them to her midst.

HAS BIRTHDAY PARTY

Miss Grace Peacock was honored on Friday afternoon of last week when her mother entertained for her with a birthday party at her home on Fourth Street. Twenty-five of her friends were present. After many enjoyable games the guests were ushered into the dining room where a beautifully decorated birthday cake occupied the center of the table. Ice cream was served with the cake. After cutting the cake it was found that Marjorie Brown received the button, Sylvia Seigel the ring, Vonnette Wilson, the needle, Martha Bess Brown, the dime and Frances McCormick the thimble.

After the refreshments each child drew a favor from the grabbag.

"ONLOOKER" WRITES ANOTHER LETTER

Looks in Meeting of Teachers' Association. Speculates as to Why the Women, so greatly in the Majority, Do Not Run It. Roads and Sundry Other Matters Referred to.

Editor Sentinel:

Your "Onlooker" is writing for you again. If this article crowds your space or if you think it too close on the heels of the one sent you last week, why dump it; I shall not be offended or discouraged. There are some things that have happened within the past few days and some things that have floated into the State Capital that I felt you might want to have, hence this communication.

The Mississippi Development Board, financed very largely by the great lumber interests of south Mississippi, had a meeting here the other day and organized for another year. Notwithtanding the vials of wrath that were heaped on Mr. L. O. Crosby during the presidential campaign last fall by a very few, he was again chosen president. Whatever worth while the Board has done was done very largely at the suggestion certainly with the approval, of Mr. Crosby. He, it was, that initiated the organization, and it would have been a grave breech of official discourtesy to have left him out just because he voted for Hoover and against the Democratic ticket.

The time was for two or more dozen years after the Civil War that when the responsible white southerner dared to lift his voice against anything that was done in the name of the Democratic party, he was politically and almost socially banished. The man who did not sacrifice his individuality at the crack of the party whip, was branded an enemy of the white people, and he was made to feel that wrath was harbored against him. In some measure, this was justified, but in many instances it was little less than an act of hoodlooism. But with all this, there was a spirit of patriotism and loyalty that it is difficult to understand at this distance.

Just what will come of the effort to have a "lily white" Republican party in Mississippi, is of course, only a guess. But those who have labored for these years to preserve white supremacy and who know at least something of the practices of "reconstruction days", say it cannot be done and preserve and protect the general welfare. There are some 50,000, or more negroes, it is stated, in Mississippi who can qualify to vote under our strict election laws—these would hold the balance of power if the white folks divide and would be a bone of contention. There's the pinch. It is my guess that Mr. Crosby and Mr. Rowlands and Ex-Gov. Sheldon will be satisfied just to marshal their forces for presidential contests and that they will stand hands off in state elections. But these same men, regardless of how patriotic their intentions might be, will find themselves shut out a Democratic primary election if anybody invokes the law, and it is safe to assert that somebody will invoke the law in many localities.

Undoubtedly if Mississippi had two militant white parties, the state would not witness the shameful spectacle that she has witnessed several times during the past few years. One party would hold the other in check. Both parties would put forward as candidates well equipped and good men. But I am dreaming.

Yes, it was fitting to reelect Mr. Crosby president of the Mississippi Development Board. Mr. Crosby is an upright, worth while citizen in every respect. I have wondered many times why more interest has not been created in north Mississippi in the Development Board. That part of the state has taken mighty little interest in the projects and work of the board. Possibly it grows out of the fact that there is a conflict of interest between the business interests of north Mississippi and the big lumber dealers of south Mississippi.

The Mississippi public school educators met here in convention last week. The leaders say it was one of the best meetings ever had. I am without knowledge as to the reasons asserted for its having been the best. I know one thing that the body gave every indication of being sacredly and seriously in earnest about its work. I was never before so struck with the force of the knowledge that a vast majority of the educators of the state are women. I am looking for these women to turn some of the things which are said to be happening in the teachers association upside down ere many years pass. If the women have the majority, why not use it; the men would? One always hears after any convention that there was much politics practiced. That is frequently said of the gathering of church bodies, and of lodge meetings. And there is just enough of truth in the assertion to make outsiders do some extra thinking. If there was any politics in the State Teachers Association, I want right here and now to absolve the women members of any connection with it. They did not do it.

The association hit Gov. Bilbo's state printing plant a hard blow. The resolutions passed against a state book printing plant had no double meaning. There can be no question about the fact that the state printing plant is as dead as Hector—and that means very dead. If there were any educators in the association who want to run both with the state administration and their fellow teachers, they found themselves in the middle of a bad fix.

Gov. Bilbo is taking the rest cure. It seems to be generally understood that the Governor has been under the weather for some time. Every attention will no doubt be given Mississippi's highest officer. General sympathy goes out to him his illness.

The question of whether there will be or will not be another extraordinary ssssion of the Mississippi legislature continues to be more or less active in the public mind. Lots of folks are hollering "road program" as if the state has never invested anything in good roads, and, as if there were a deeply organized sentiment against building permanent, concrete roads. "Too many cooks spoil the broth" applies to the situation Mississippi finds herself in as to a permanent road building program. It is generally agreed among bystanders that had the Governor consented to approve a bill that would have provided for the election of the highway commissioners by a direct vote of the people instead of his naming them, the legislature at its last meeting would have agreed on a road building law.

It has been suggested by some of the Governor's backers, that the lower house elect one member of the highway commission, the senate one and that the Governor appoint one. To this the lower house comes back with the answer, "That proposition means that the Governor would have two of his partisans n the commission". The senate, many assert, will do the Governor's bidding.

ONLOOKER.

GRENADA MARKED FOR AVIATORS

Grenada In Letters Over 120 Feet Long.

The city authorities have mark-Grenada for the benefit of the aviators. By "marking Grenada" is meant that the name of the town and state abreviation, are painted in large letters on the top of one of the tallest buildings of the community so that the letters may be read by the pilots on passing planes. It is well known that on cloudy days, aviators lose their lines, they get lost, so to speak, even in the air, and when lost, and desiring maybe to find a landing place, when the ship possibly is somewhat out of commission, it is more than important that they know where they are and that they be given a correct idea of where an emergency landing place may be found. The airship has come to stay. They are going to be more and more used. In truth, they are just at the beginning of their use and development. Where there are hundreds now, it is easy to see that there will be thousands in ten years.

Grenada, Miss., is marked on the roof of the Grenada High School building. The length of the name of the town and state as painted on the building is 129 feet. The height of the letters is 10 feet with a twelve inch bar. In addition there is a painted arrow pointing south to "Landing Field 5 miles".

The Sentinel congratulates the city authorities. It commends their patriotic endeavor. The money required has been well spent.. Somebody's boy's life may be saved by this small expenditure of money and furthermore, it is one of those many things that good citizens are expected to do in cooperating with the United States government.

Mr. J. E. Shaw, Jr., made himself very active to get the work referred to done, and deserves special praise for his interest in the matter.

MISSIONARY SOCIETY HAS MEETING

The Woman's Missionary Society of the Methodist Church held its regular monthly program meeting Monday afternoon at the church with a large number of members in attendance.

Circle No. 4 had charge of the program, Mrs. J. H. Holder being the leader for the afternoon. The 100th Psalm was used as devotional reading by Mrs. Holder, followed by prayer.

A short business session was conducted by Mrs. Bruce Newsom, president of the society, after which a most interesting and enjoyable leaflet was given by Mrs. Morris Wells, entitled "What the Risen Christ Means to Women". Items from the "Bulletin of Missionary News" were given by the publicity superintendent. The, meeting was closed with prayer by Mrs. Ida Campbell.

Mrs. Tucker, of Pace, sister of of the pastor, Rev. J. H. Holder, was a visitor at the meeting.

MRS. BROWN GIVES BRIDGE LUNCHEON

Mr. and Mrs. R. T. Seales spent Sunday in Batesville with relatives.

ADDITIONAL LOCALS

Mrs. Peacock was assisted in entertaining by Miss Louise Spain and Miss Mary Violet Colier.

Married.

Rev. W. E. Farr of the First Baptist church said the words at his home last Sunday night at 11 o'clock p. m., which united Mr. W. R. Shannon and Miss Annie C. Spurgeon in the holy bonds of wedlock. The happy pair are making their home in Coffeeville.

Miss Irene York will be presented in her senior piano recital, Friday night, April 19 at the Grenada College auditorium.

Dr. J. R. Countiss attended the state teachers meeting at Jackson last Friday.

Mrs. Sam Simmons, president of the Grenada P. T. A. returned last Friday from Vicksburg, where she attended the State Parent Teachers meeting, as delegate from the local P. T. A.

The Barranco brothers of Grenada are delighted that their father, P. Barranco, has come to this country to make his home with them. Mr. Barranco has been a resident of Sicily. He came first about two weeks ago but accompanied his daughter back to her home in New York and has returned to be with his sons in Grenada. The Sentinel hopes that Mr. Barranco may find that his move to Grenada will prove to be a delightful one from every viewpoint.

There will be a graduating piano recital given by Irene York in Grenada College auditorium Friday evening at eight o'clock. You are cordially invited to attend.

ROTARY ELECTS OFFICERS

At their regular weekly luncheon Tuesday the Rotary Club elected the following directors to serve for the ensuing year:

Messrs. B. J. Anderson, L. J. Doak, W. E. Jackson, B. C. Adams, E. E. Wilkins, H. L. Honeycutt. Visitors at the luncheon were Rev. J. H. Boosey, Messrs. Lewis Thrash and John Borden.

Boosey, Mrs. Earl Berkley, Mrs. Paul LaGrone, Mrs. Williams, Mrs. Andrew Carothers, Mrs. Roy Doak, Mrs. Cowles Horton, Mrs. Robert L. McLeod, Jr., Mrs. Annie Peterson Wolfe, Mrs. Joseph Williams, Jr., of Sarasota, Fla., and Mrs. E. E. Wilkins, of Duck Hill.

HARMON H. BLOODWORTH IS DEAD

Mr. Harmon H. Bloodworth, of Cascilla, died at his home on Monday night of this week and his remains were laid to rest in the old Ashland church burying ground the next afternoon after funeral services conducted by Rev. R. A. Kimbrough, of the Baptist church at Charleston. He was in his 83rd year. He was born and reared in that community and had resided within a few miles of where he was living when the end came. He was an honest, upright man. He was a good neighbor, a true friend and believed in and practiced even handed justice to all. He never strived for worldly goods. His aim was always to live at peace with his fellowman and to perform kindly things that come of a sincere heart and a right thinking mind. His wife passed away some six weeks ago. He had long been a member of the Baptist church. He is survived by three children, two daughters, Mrs. V. A. Bridgers and Miss Mary Bloodworth, postmistress at Cascilla, and one son, besides numerous other relatives to whom The Sentinel tenders sincere sympathy. Mr. Bloodworth was a good friend of the writer.

SCOUT PROGRAM GIVEN

Wednesday afternoon at the chapel exercises of the Grnada High School which were under the direction of the Girl Scouts of Grenada, two of the foremost workers in this organization were signally honored.

Misses Edna Jackson and Fay Gunn were presented Eagle Scout badges, which gives them the honor of being the only two girl scouts in the state who have reached this goal.

To attain this honor a girl must be a first class girl scout in every sense of the word. She must have been a scout for three years, she must have twenty-one merit badges, she must have letters of commendation from three outstanding citizens in the community, must be of irreproachable character, ready and willing for service. This information has to be sent to national scout headquarters, and after six months the golden eaglet pins are issued to those who measure up to the standards. Mrs. John Rundle, chairman of the local council, in a most forceful way, told just what is required to win this merit, after which Miss Nannie Lou Hamilton, captain of the first troop of girl scouts in Grenada, presented the pins to Misses Gunn and Jackson, who were introduced by Mrs. Robert L. McLeod, Jr., captain of troop 1.

Miss Hamilton made a most beautiful presentation speech. Members of troop 1 and 2 then rose and saluted the young ladies who have won not only for themselves such distinction, but for the Grenada scout organization as well.

The following are the members of the local scout council: Chairman, Mrs. John Rundle, Mrs. Cowles Horton, Mrs. J. E. Lufkin, Mrs. W. D. Salmon, Mrs. Homer Weir, Mrs. E. C. Thompson, Mrs. W. H. Kirk, Mrs. A. J. McCaslin, Misses Lizzie Horn and Nannie Lou Hamilton.

GRENADA COLLEGE ALUMNI LUNCHEON

Big Preparations Being Made for Meeting of Alumni. Basket Ball in Afternoon. "Quality Street" Play Will be Given at College Auditorium that Night. Important Gathering.

Grenada College is looking forward to Annual Home Coming Day Saturday, April 20th with great anticipations. A number of graduates and former students are expected. There will be an alumi luncheon in the Sunday School room of the Methodist Church. In the afternoon an exciting basket ball game between an alumni team and college varsity will take place at 4:00 o'clock. The day will culiminate Saturday night in the dramatic production of "Quality Street" presented by the Player's Guild of the college. The alumni will be guests of honor. The play is open to the people of the town and a large audience is expected. "Quality Street" is one of the most dtlightful of Sir James Barrie's plays, a comedy in four acts with a pleasing love plot waterwoven with subtle touches of humor and pathos in Barrie's charming literary style. The former plays of the guild have been well attended and enthusiastically received. And in "Quality Street" the players and their director, Miss Ruth C. Bale, believe they have the most pleasing and artistic production they have yet given to a Grenada audience. A number of favorite players, including college town stars and Grenada children, will take part. "You just must not miss "Quality Street"' Saturday night, April 20, 8 p. m. Admission children 35c, high school and college folks 50c, adults 75c.

MAKE YOUR PREMISES SPOTLESS NEXT WEEK

Elsewhere in this paper appears an article which sets forth what the ladies of the Civic League of Grenada hope to have done next week, beginning Monday, April 22. These ladies are representatives of the best thought of Grenada. They maintain the Civic League not for the reason that it is any profit to them individually, but for the reason that they are interested in the welfare of the town. The best asset of any town or city is its health record. This concerns every home, every family. The best of health cannot be had unless cleanliness exists. One may say, "Oh, there is no filth around my home or premises; the garbage wagon calls two or more times each week and takes away the garbage". How about such a rule for washing the hands or bathing the face? Dirt, which in time becomes filth and the germ of sickness and disease, is a thing that needs constant and repeated attention.

In cooperating with the Civic League and in joining in with the others of the town in "Clean up week", you may be saving the life of your child, or that of your wife and possibly your own.

We feel sure that there is such a love of home and such a fine Grenada spirit in our community that every home owner of the town will give "Clean up week" that attention which his good judgment says it should have.

Grenada is to the front. Let's stay head.

BARNUM GAVE PRESS CREDIT FOR HIS SUCCESS

P. T. Barnum was perhaps the world's greatest showman. He was a celebrity in his line. He came from an humble Connecticut home. His birthplace was in the little village of Bethel, and it was on July 5, 1810, that he first looked out upon this beautiful world.

He believed in the compelling power of the newspapers. An old friend, and Barnum's senior in years, told him, after one of Barnum's many reverses in his younger years, "You will succeed because you understand the value of the press, and that is the great thing. Nothing helps the showman like the types and the ink".

Later, Barnum said on one occasion, "If I am ever profoundly thankful for any instrumentalities, it is for the editor and his paper. They furnish the wind to my sails".

Newspapers have made many public men. They have unmade many that should never have been made.

AMERICAN RENDERING STATE A SERVICE

The Hattiesburg American is not only rendering its community a great service but is rendering the state a service and is performing its duty as a newspaper in exposing the fee methods of some of the magistrates and constables of Forest county and especially the brutal treatment meted out to prisoners on the county farm of Forest county.

SCIENCE IS AID TO SAFETY

While safety bureaus and police departments throughout the nation are directing their efforts to prevention of accidents, the engineering brains of the country, in automotive laboratories behind the scenes, are co-operating in a silent but equally effective campaign towards the same end.

"Leaving aside the human equation and the tendency of drivers to be careless, the margin of safety from a mechanical point of view depends almost entirely on the principles of quick acceleration and perfect braking power", according to Stanley M. Brown, local dealer for the DeSoto Motor Corporation, a division of Chrysler Motors.

"Spring and early summer again bring the perils of the congested suburban highway to drivers with cars that are not equipped with the best braking devices and engines that will not pick up quickly in an emergency. The perfect brake is the first essential of safety - flashing acceleration, where the engine immediately responds to the touch of foot on accelerator, of almost equal importance.

"The brakes must operate, however, with 100 per cent equalization. The same pressure must be applied to the brake shoes simultaneously. Otherwise, sideswaying, with its often disastrous results, is virtually unavoidable.

"The DeSoto Six is equipped with internal expanding, hydraulic 4-wheel brakes which are self equalizing, depending upon the principle of hydraulics for their operation and equalization - brake equipment which is the best that engineering skill can produce. They stop the car quickly, operate smoothly and safely, and give the driver perfect mastery over speed.

"The automobile is subjected to innumerable sudden and violent accelerations and decelerations in a day's driving, so brakes must be dependable and simple in operation. Those used by the DeSoto Six have both qualities. The braking pressure reaches all four wheels at the same time and in equal degrees, making the operation instantly effective.

"Safety in operation, too, demands a quick get-away in traffic. The engine that picks up instantly when the foot forces the accelerator down, minimizes the possibility of accidents. Cars that appear suddenly from side streets and alleys can be avoided - the driver can often slip into spaces directly ahead in the long lines of traffic on narrow roads. These are examples of how quick acceleration helps to cut down the number of accidents that occur every year, in crowded city traffic and on congested highways in the country."

HIGHLANDERS MEET WITH MR. HURD HORTON

The Grenada Highlanders met at Mr. Hurd Horton's home last Friday evening at seven o'clock and then went up on Pine Hill to play and eat weiners. Besides Mr. Horton and John Williams, his assistant, the following boys were present, though all were not able to go up on the hill:

Joe Stevens, George Baker, Eddie Horner, Sonnie Thompson, Bobbie Sharp, Donald Lockett, Charles Williams, Frank Horton, Hurd Horton, Jr., Henry Ray, Erle Johnson, Bertwell Johnson, Ben Adams, Jr.

Joan Mannering Sanders, 14, is the youngest artist in England to have ever had a painting accepted at the Royal Academy.

They come to SEE— They stay to BUY . .

THOUSANDS come to see De Soto Six because any automobile sponsored by Walter P. Chrysler is a magnet to those who look for the latest and finest in fine cars. They stay and many of them buy because the De Soto Six exceeds their expectations of what even a Chrysler-built car could give for so moderate a price.

They find a roomy, comfortable car with long, low lines—stylish, distinguished—a speedy car with ample power, rapid yet smooth acceleration, amazingly restful riding.

They see those evidences of Chrysler craftsmanship which assure long life, easy maintenance, low running cost and a satisfactory re-sale value. And they find all these distinctive attributes of Chrysler Motors quality at a price well below $1000.

See De Soto Six and drive it. There is no obligation. Come in today.

mobile accidents were responsible for the deaths of 43 white and 21 negroes; suicide, eight, including one negro; burns, 14, and accidential poisoning, six.

There were a total of 1,923 deaths during the short month, of which 781 were among the white race. In the number were four victims of typhoid fever, and eight deaths from diphtheria. Influenza led with 237 deaths, and heart disease came second with 155. Apoplexy accounted for 108 deaths. and pulmonary tuberculosis claimed 96 victims.

Worried Night after Night as health declined

"I SUFFERED frequently from nervous headaches, and I could not sleep well," says Mrs. Cora Dover, R. F. D. 2, Hickory Grove, S. C. "I was thin and pale. I was so weak I could scarcely walk.

"I tried several remedies but nothing seemed to help me. Night after night I worried because I could see I was going down-hill. I had my children to look after, and I was afraid of what would become of them if anything happened to me.

"I began to take Cardui. It wasn't long until I was beginning to pick up. My strength gradually began to return. I rested better at night and was less nervous. I took several bottles of Cardui, and when I had finished taking it I was in fine health."

E. E. Pettibone Dies

E. E. Pettibone, one of our oldest citizens, died Monday evening at 2:30. His illness had lasted over a period of several months following an emergency operation from which grew to be the source of his trouble which ended in death. It was no surprise, for it was expected by his friends and even he realized that it would finally terminate in his death. He bore his affliction heroically, and as it were, put up a good night. Mr. Pettiborne was a conspicous figure from early life to its close manifesting and taking an interest in everything for the good of his people and the community at large. His fraternal activities of which he was a master brought him in contact with the leading men of the state and in such capacity he was a man among men. He was considered in the reckoning of any matter or measure pertaining to secret fraternities and his advice and conclusions were always sought. In social life he enlivened the social atmosphere individually and collectively he he was the spice of the hour wherever he happened to be. He was one of the oldest members of Vincent M. E. Church and for more than half a century was officially connected with its activities. He placed his church obligations ahead of any thing else and contributed to its upkeep and support. Mr. Pettibone was also a conspicuous figure in politics and was always posted upon political issues. He was several times a delegate to national conventions and was in the reckoning of many federal appointments made in the state. Mr. Pettibone was about 83 years of age and had been thrice married. To the first union two children were born, Horace, of Detroit, Mich., Mrs. Elvia Ross, of this city. To the second union was born 4 boys, Ellington, of Chicago, Gilbert, H., of this city, Ulyses G., of Charleston, Miss., and Benj. (recently deceased). Mrs. Julia Oglesby a sjster of Holly Springs, Miss. The arrangement for the funeral at present is incomplete but we think Sunday is the date.

John Mack Passes Away

Uncle John Mack at one time a very prominent character before the advent of the automobile. In the days when several livery stables was in the town he was regarded as biggest and best when conveyance into the interior was to be made. The drummers and salesmen was well acquainted with uncle John Mack for it was he who knew all the roads and pig trails anywhere in the state. The rain, cold, sunshine did not deter him from placing you anywhere you would want to go. He had gotten feeble as a result of the exposure he frequently had to meet and as time rolled by his weakened condition left an inroad to a complaint that did not last but a week. He passed away quietly last Tuesday. He was the father of two children, Lake and Mrs. John Ella Golden who survive him. John Mack was a member of Vincent M. E. Church and when he was in health attended church services. His relatives and friends mourn their loss.

At the regular monthly meeting of the Old Folks Home Association held April 6, a motion prevailed that the ministers throughout the county of Grenada who hold charges could be of incalcuable assistance in a financial way to the cause of charity and the upkeep of the Old Folks Home thereby making it a permanent institution for the aged of our group. To this end, the association is asking the ministers to preach a sermon to their congregation and make a special appeal to them and take a special contribution for the home on each fourth Sunday of every month and bring or send it in on the first Sunday in the month, so that it can be acknowledged through The Sentinel from whence it came and by what church. The people will help if given a chance if the proper emphasis is put upon the necessity, will you do it.

Under the auspices of the Civic Club, a "fashion show" will be rendered in the high school auditorium Friday night at 7:45. This show is being conducted by Mr. Lamar Fisher and is to be the crowning play of the season. Everybody is cordially invited. Admission 35c for grown ups and 25c for school children. Money raised will be used for the school's interest.

Last Friday night, April 12, the Vicksburg high school orchestra rendered a splendid program in the high school auditorium. This orchestra is under the supervision of Miss K. M. Wiley, sister of Mrs. A. M. Rogers, and is second to none in the state. All members are students of the Vicksburg high school. A. M. Rogers, Prin.

A RESOLUTION

The following resolution was introduced, its adoption moved and seconded and put to a vote. Aldermen E. C. Neelly, W. E. Jackson, J. H. Murray, H. L. Honeycutt, L. C. Proby, voting for its passage, there being no votes against same, and the following aldermen being absent and not voting, viz, J. P. Pressgrove, it was declared duly adopted and ordered entered on the Minutes as follows:

A Resolution providing for the issuance of twelve thousand five hundred dollars of refunding bonds of the City of Grenada, Mississippi, to take up and pay off bonds of said city maturing on July 1st, 1929, issued July 1st, 1909 for the purpose of enlarging the white public school building of said city.

Whereas on July 1st, 1909, the city of Grenada, Mississippi, did issue its bonds to the amount of twelve thousand five hundred dollars for the purpose of enlarging and adding to the White Public School Building of said city, which said bonds will mature and become due and payable on July 1st, 1929;

Whereas none of the principal of said bonds has been paid but all of said bonds are outstanding against said city and are unpaid and will become payable on July 1st, 1929;

Whereas there are no funds in the city treasury with which to pay the principal, or any part of the principal of said bonds, and it is therefore necessary that the city shall borrow a sufficient sum of money with which to pay said principal of said bonds by the issuance, as provided by law, of refunding bonds.

Be it, therefore, resolved by this Board in regular session:

Sec. 1. That for the purpose of raising funds to take up and pay off the principal of twelve thousand five hundred dollars of said bonds aforesaid, it is the intention of this Board at its regular May, 1929, meeting, to be held at the Mayor's Office in said city on May 6th, 1929, at 7:30 p. m. o'clock to issue the negotiable, coupon bonds of said city to the amount of twelve thousand, five hundred dollars. Said bonds shall be dated July 1st, 1929, and shall be sold for not less than par and shall bear interest at a rate not greater than six per centum per annum, payable semi-annually on the first day of January and July, and the proceeds of the sale of said bonds shall not be used for any other purpose than the purpose for which they will be issued. Said bonds shall mature and become payable annually, with all maturities not longer than 25 years, and with not less than one-fiftieth of the total issue to mature each year during the first five years of the life of said bonds, and not less than one-twenty-fifth of said total issue to mature annually during the succeeding ten year period of the life of said bonds and the remainder to be divided into approximately equal payments, one payment to mature during each year for the remainder of the life of said bonds, as provided by law.

Sec. 2. That this resolution be published in Grenada Sentinel, a newspaper published and having a general circulation in said city, for three weeks, as provided by law, and unless twenty per cent. or more of the qualified electors of said city shall on or before May 6th, 1929, at 7:30 p. m. o'clock file a written protest against the issuance of said bonds, they will be issued without submitting the question of the issuance thereof to an election,—the Board hereby finding, declaring and adjudging that the City of Grenada, Mississippi, is, in fact and by every census of its inhabitants, a city of less than twelve thousand inhabitants.

Sec. 3. That this resolution take effect and be in force from and after passage.

Approved: W. S. P. DOTY, Mayor

Attest: WILLYE Y. WEST, Recorder

Why No Other Leather Wears As Long As Wolverine Shell Horsehide

WE MAKE broad claims for Wolverine Work Shoes. But they live up to every claim. For they're made of Shell Horsehide (the one-sixth of the hide over the hips which contains a shell). No other leather wears as long because no other leather contains that shell. Wolverine Work Shoes always stay soft, never scuff, and stand up better against rips and acids. Prices are no higher than any good work shoe. Come in today and examine a pair without obligation.

Black water resisting leather. Plain toe blucher. Storm welt around toe and heel. Two extra heavy 1000-mile soles, brass fastened. Leather heel. A popular shoe for the American farmer.

"Like Buying a Dollar for Fifty Cents"

A Farmer-Banker Said

Talk was about side-dressing cotton with Chilean Nitrate.

"Does it pay as well as the County Agent says it does," a young tenant farmer asked.

"Does it pay," repeated a farmer-banker in the group. "It's like buying a dollar for fifty cents . . . the surest way to make money that I know."

We can't promise that Chilean Nitrate will double your crop—though it often does that and more. But it will make more cotton for you and help you beat the weather and the weevil.

"Beginning with the crop year 1924, excepting 1927, we have planted an average of 1152 acres to cotton and have made an average of 1215 bales or more than a bale to acre for each of the four years.

"We apply Chilean Nitrate of Soda at the rate of 100 lbs. to the acre as a side-dressing between the 1st and 20th of June."

M. C. EWING, Nita Yuma, Miss.

Mr. Ewing is 1928 cotton champion of Miss.

Chilean Nitrate of Soda is the good old "Soda" that 800,000 farmers used last year. It is the world's only *natural* nitrate fertilizer—the real thing, not synthetic or artificial.

Free Fertilizer Book

Our new 44-page illustrated book, "How to Use Chilean Nitrate of Soda" tells how to fertilize cotton and other crops. Free. Ask for Book No. 1, or tear out this ad and mail with your name and address.

Lesson for April 21

COMFORT FOR GOD'S PEOPLE

LESSON TEXT—Isa. 40:1-11.

GOLDEN TEXT—As one whom his mother comforteth, so will I comfort you.

PRIMARY TOPIC—God's Love for Us.

JUNIOR TOPIC—God's Love for Us.

INTERMEDIATE AND SENIOR TOPIC—The Secret of True Happiness.

YOUNG PEOPLE AND ADULT TOPIC—The Source of True Comfort.

I. God's Message of Comfort (vv. 1, 2).

1. It was addressed to Isaiah, the prophet, and his successors in office (v. 1).

He, as God's spokesman, was to make known the very heart of God to the people who were in great need of comfort. They were in a strange land, in captivity because of their sins. In spite of their apostasy from God—the breaking of their covenant with Him—His favor was about to return.

2. The mutual relation of God and His people (v. 1).

This is expressed in the phrases "my people" and "your God." The believer belongs to God, and God belongs to him. How blessed it is to be thus related to Him. Observe, this was said concerning a people who had sinned and backslidden.

3. Pardon received (v. 2).

In spite of their gross iniquity, their pardon was declared. The receiving of double at the Lord's hands does not mean that there had been undue infliction of punishment, but that the divine pardon exceeded the guilt. The period of the captivity was at an end. Their blessing was not through their own merit, but was to be realized through the sin offering of Jehovah.

II. The Preparation Required (vv. 3-5).

In order to secure the salvation which was to be theirs through the vicarious offering of Jehovah, it was necessary that certain preparation should be made. Observe:

1. The voice in the wilderness (v. 3).

This voice was that of John the Baptist, and actually was heard at the time of the coming of Jesus Christ (Matt. 3:1-3).

2. Prepare ye the way of the Lord, (v. 3). It was the custom on state occasions for some one to go in advance of the king or ruler and make preparation for his coming. This preparation consisted of the actual depression of hills, the elevation of valleys and the straightening of crooked places, so that the monarch could move forward with ease and facility. In its moral bearing, the meaning is that preparation for the coming of the Lord into the hearts and lives of the people consists of the subjugation of pride and selfish ambition, and the straightening of the crooked and perverse things of this life.

3. The glory of the Lord revealed (v. 5).

When there is proper preparation of heart, the Lord will enter, and His glory will be revealed in the life. It primarily refers to the manifestation of the divine glory in the person of the Messiah.

III. The Frailty of Man in Contrast With God's Word (vv. 6-8).

"All flesh is grass and all the goodliness thereof is as the flower of the field. The grass withereth, the flower fadeth, because the Spirit of the Lord bloweth upon it. Surely the people is grass. The grass withereth, the flower fadeth, but the word of our God shall stand forever." Just as the blast of the hot wind scorches the grass and destroys the crops, so everything loved and prized by the natural man will wither and die under the blast of God's judgment, but His Word shall stand forever. The Word of God abides from age to age with perennial freshness. God's promise of ultimate triumph should steady us because no matter through what stress and strain we may be called to pass, when the Lord comes there will be victory.

IV. The Lord God Coming to Zion (vv. 9-11).

1. Behold Your God (v. 9).

When He comes to Zion there will be no need of fear. This blessed truth can be proclaimed aloud to the cities of Judah.

2. The Lord God will come with a strong hand (v. 10).

The hope of the world is in the coming of Jesus Christ in power and great glory to establish His Blessed rule over the earth. Righteousness and peace can come only with the Messianic rule.

3. He shall feed His flock like a shepherd (v. 11).

As the shepherd finds the lambs, feeds and cares for them, so will the Good Shepherd search out and provide for His own.

ELECTRIC WIRES MAKE KITE FLYING DANGEROUS

The Safety Department of Mississippi Power and Light Co. has made a study of the accidents throughout the country caused from kite-flying and find that, in practically every case where injury or death was caused from kites becoming entangled in high voltage wires, the kite strings were either made of wire or the string was wet or damp. Metalic or moist kite strings make excellent conductors for electricity and when such strings come in contact with electric wires injury or death may occur to any one holding the string.

According to the Mississippi Power and Light Co., the safest manner in which to fly kites is to keep entirely away from electric lines and to be sure that the kite string is perfectly dry and has no metal threads in it.

Children will always fly kites and should, but they should be taught to fly them safely and in safe places.

Help is Offered,

and is freely given to every nervous, delicate woman, by Dr. Pierce. Write Dr. Pierce's Clinic in Buffalo, N. Y., for confidential medical advice. No charge for this service. Obtain Dr. Pierce's Prescription now, in liquid or tablets, from your druggist or send 10c to Dr. Pierce at above address, for trial package of tablets. One woman writes:

"Dr. Pierce's Favorite Prescription is the tonic and nervine that gradually restored me to health after semi-invalidism for six months. It is the very best medicine I have ever taken and I highly recommend it to all women who are ailing and nervous. Several years have elapsed since I had occasion to take the 'Prescription' and from my own experience of years of good health I know it to give more than simply temporary relief—its results are lasting."—Mrs. J. T. Ferguson, 500-16th Ave., Meridian, Miss.

IN MEMORY OF MY DEAR WIFE

Dear Alice:-

On March 2, 1882, we were united in holy wedlock and had you lived twenty-eight days longer, we would have lived together forty-seven years. Your going away has left it so lonely for me. As I sit in our home all alone and reflect on the past, I am made to wonder what there is in store for me. Yet I can truly say I thank God for the shadows as well as the sunshine for each shadow makes us appreciate the sunshine more. I trust and pray God will help me to live the balance of my days so when I reach the end of the way I shall be ready to go and that we may meet again in Heaven where parting will be no more. In my imagination I can see you over there with the six children who have gone over and left only one and myself and four little grandchildren over here.

NEW CHEVROLET SIX
—a Six in the price range of the four!

You are cordially invited to visit our special display of the new Chevrolet Six—arranged in conjunction with the great nationwide Spring Showing of General Motors cars.

Here, in a price class that has hitherto been occupied exclusively by four-cylinder automobiles, you will see displayed a line of beautiful models that bring you every advantage of six-cylinder performance. Yet, due to its great array of mechanical advancements, the Chevrolet Six delivers *better than twenty miles to the gallon of gasoline* with extremely low oil consumption.

And this amazing six-cylinder performance is matched in impressiveness by the beautiful new Fisher bodies. Come in any time this week. See for yourself that no other car in the world can give you so much at prices within the reach of all.

QUALITY AT LOW COST

25 YEARS AGO IN GRENADA

From the Files of THE GRENADA SENTINEL

The Presbyterian Calendar Social at Mrs. M. E. Nicholson's on Wednesday evening was one of the most enjoyable affairs of the season. The lovely home was handsomely decorated with roses and the dining room was the climax of loveliness. The Calendar was a financial success. The year, each month, week and day, and some of the hours were represented by some one's name, and a dollar contributed by them. Seven hundred dollars has been realized by this means for the new church that the Presbytyterians here intend to erect in the near future. The musical and literary program of the evening was interesting, and when the hour came for bidding Mrs. Nicholson and her two charming daughters good night, everyone departed with light hearts and good wishes to all.

Mr. Nathan Johnson, of Vicksburg, was united in marriage to Miss Etna Roberts, of Yazoo City, on April 12. Immediately after the ceremony the happy couple came to Grenada to visit the groom's parents, Mr. and Mrs. W. H. Johnson. They returned to Vicksburg Thursday. The groom is an excellent young gentleman and the bride a beautiful and charming young lady. May happiness and prosperity attend them through life.

On the evening of April 22nd, the first one of the piano recitals by candidates for graduation will be given in the Grenada College Chapel at a quarter past eight o'clock. Miss Jane Sloan, pianist, will be assisted by Miss Emma Williamson, soprano. All lovers of music are cordially invited.

Dr. J. Wm. Jones, of Richmond, Va., will lecture at the Grenada Opera House next Wednesday evening, April 20th. Subject, "The Boys in Gray". Dr. Jones is the Chaplain of the Confederate Veterans and has no small reputation as an author and lecturer. The proceeds of the lecture go to the Confederate Monument Association and the local camp of Confederate Veterans, under whose auspices the lectur is being held. The advertising folders being distributed speak of Dr. Jones in the highest terms as a lecturer. We hope and believe he will have a large audience.

Mrs. Lizzie Jones is visiting in Memphis.

Mrs. E. A. Thomas and her lovely daughter, Miss Kate, are spending a brief season at Mineral Wells, Texas.

Mrs. T. J. Newell and her charming daughter, Miss S. T., of Paducah, Ky., spent several days in Grenada this week, the guest of Mesdames C. C. Penn and F. R. Lickfold.

Hon. Wm. C. McLean attended Chancery Court at Charleston this week.

Mrs. J. M. Brown and little daughter, of Natchez, are visiting parents and other relatives in Grenada.

Mrs. H. L. Noel, of Torrance, was visiting friends in Grenada this week.

Mrs. J. R. Harris, of Cascilla, was in the city shopping this week.

Mr. and Mrs. Max Ginsburger were in Memphis this week.

FELT BAD AFTER EATING

"FOUR YEARS ago, I suffered with heartburn and bilious indigestion. Whatever I ate disagreed with me. Gas on my stomach made me very uncomfortable. My tongue was coated and my color was bad.

"I needed a good laxative, and so my mother-in-law gave me some Black-Draught and told me to take it. I found it helped me very much, so I bought it for myself. Seems it was the very thing I needed. It is a fine family remedy, and I use it when I need something for constipation.

"I also give Black-Draught to my children whenever they need something for colds or upset stomachs. Our whole family takes Black-Draught." —Mrs. G. C. Leary, 103 North Alston Ave., Durham, N. C.
